

# Laundry Pillows

## Product Highlights

- 154 Pillows™ per Box
- 152 Boxes per Pallet
- Our label, Private Label, and generic options available
- ONLY 7 lbs. per BOX
- 7X Concentrated biodegradable formula and package

### Formula:

- Made with biodegradable ionic and non ionic surfactants
- Safe for septic systems
- 7X concentrated against our regular liquid laundry detergent formulas
- Formula proven to work for over 5 years of market tests. Works in conditioned and hard water
- Most ingredients in the formula are listed in the US EPA CleanGredient list as safe for the environment
- Use it in High Efficiency (HE), and Top Loaders laundry machines
- Quantity of detergent to use one pillow per large size load
- Formula compatible with chlorine- and oxygen-based stain removers
- Works with colored and white fabrics
- Works well in cold, warm and hot water applications

### Package:

- The water soluble film components are biodegradable
- The outer packages are biodegradable, compostable and recyclable where facilities exists
- 7X concentration means lower cost of transportation, reflected in the customer's cost reduction
- 7X concentration translates to less use of fossil fuels and less carbon emissions

### Use advantages and disadvantages:

- Pre-measured for large loads. No extra detergent wasted
- Easy to transport. Especially convenient for apartment building with laundry facilities out of the apartment, trips to the laundromat, college students, etc
- No mess due to spills
- A pillow dissolved in a small tray with water can be use for Hand Wash of fine fabrics

Disadvantage: Designed for large loads. Small loads will use more than the required detergent

### For the Re-seller:

- Add a **new choice** to your product arsenal
- **Consumable** product translates to **repeat sales**
- Work with one of the **few companies** that can **supply these packages** other than large corporations (we have a patent pending)
- The formulas **work in hard and soft water**, so you can close a sale even if the conditioning equipment was not sold
- **Stay in contact** with your customer or prospect by supplying necessary products
- **Easy to deliver:** the 154 pcs package can be shipped from our facilities (or your facilities) to any place in the continental USA for a low flat rate at a very competitive price
- Private Label Programs Available

Increase your business reach. Ship a box anywhere in the continental US for \$13 or less with USPS Priority Mail Box
